

SHANKAR GANESH

A.B

FRONT-END WEB DEVELOPER

OBJECTIVE

To obtain a challenging Web Developer position where I can apply my expertise in front-end and back-end development, problem-solving skills, and passion for creating responsive, user-friendly websites and applications that enhance user experiences and drive business success.

EXPERIENCE

SENIOR FRONT-END WEB DEVELOPER

Jan 2033 - Dec 2034

- Led development projects and collaborated with designers to create responsive, user-friendly websites and applications.
- Built and optimized front-end and back-end components using modern web technologies.
- Developed wireframes, prototypes, and interactive mockups to enhance user experience.
- Worked closely with clients to understand their needs and translate them into functional web solutions.
- Mentored junior developers, improving code quality and efficiency.

Full-Stack Web Developer

Oct 2030 - Jul 2031

- Led the redesign of the company's e-commerce platform, resulting in a **25% increase in sales**.
- Developed and optimized responsive web applications to enhance user experience and performance.
- Conducted **user research and usability testing** to inform development decisions and improve functionality.
- Collaborated with designers and backend developers to ensure seamless implementation of UI/UX designs.
- Improved website speed, security, and accessibility to drive engagement and conversions.

Full-Stack Web Developer

Feb 2029 - Oct 2030

- Conducted **user research** and developed personas to enhance product development and user engagement.
- Designed and built **interactive prototypes, wireframes, and user flows** for a high-performance web application.
- Developed and optimized **responsive, cross-browser compatible websites** using modern web technologies.
- Collaborated with designers and backend developers to ensure seamless implementation of UI/UX designs.
- Improved website **performance, security, and accessibility**, resulting in enhanced user experience and engagement.
